Duel Anti-Inflammatory Analgesic Pain Reliever

Inflamole which consist of Anti-Inflammatory 2 peptide, Curcumin and Krill Oil. Curcumin (from Turmeric) is a potent, broad acting anti-inflammatory that works by mediating the down-regulation of the pro-inflammatory cytokines and enzymes, as well as inhibiting colonic mucosa cycloxygenase (COX) and lipooxygenase (LOX) activities, and by reducing in the release of reactive oxygen species (ROS) by stimulated neutrophils. It moderates inflammation by stopping the formation of prostaglandins, which are pivotal mediators of inflammation. By doing this, they also reduce the formation of certain pain-causing products of inflammation. But anti-inflammatory products do much more than simply control pain. They also reduce swelling and fever. They have value in treating a wide range of conditions in horses, from abdominal pain (colic) to joint injury and laminitis.

Benefits:

• Allows the horse and racing camel to perform at its peak
• Fast and effective natural pain reliever
• Improving the blood flow to joint tissues by preventing clots in small blood vessel. Reduces inflammation and rebuilds cartilage to improve joint mobility and relieve pain.
• Strong natural anti-inflammatory
• It is a natural anti-microbial agent
• Suitable for long term use with low dosage
